### **STREET LIGHTING POLICY**

1. All requests for street lighting shall be referred to the Public Services Committee or other appropriate Committee of Council.
2. Criteria to be reviewed for street lighting requests:
  1. Type of land use abutting street
  2. Night pedestrian and vehicle volume
  3. Night time accident potentials
  4. Night Time Crime experience and Security Problems
  5. Type, speed and turning movement of vehicles at night
  6. Parking Practices
  7. Road Construction Features such as pavement width, character of pavement surfaces, grades and curves
  8. Location of Sidewalks
  9. Off street access locations
  10. Medians
  11. Intersections
  12. Special Structures
  13. Signs
  14. Night time Maintenance
  15. Snow Clearing Operations
3. Prior to final decision of Committee on a street lighting request, impacted residents should be provided notice and opportunity to comment.
4. All new lighting and replacement lighting shall be LED Technology and Certified Dark Friendly fixtures.
